

As seen in the March Issue of Rider Magazine

CLICK AND WIN A GREAT PRIZE

You could become the next winner if you enter the Club's Click & Win Internet contest at www.ridersclubofamerica.com. During the months of March and April, you could win All Kleer Windshield Cleaner and Polish, a cleaner for windshields and visors that creates a finish that repels water, bugs and dirt, or Bike Brite Spray Wash, a super-foaming, triple-action formula that washes, cleans and degreases bikes. For more information on these prizes, visit the Club web site and log in to get to the Click & Win section. To increase your

chances of winning, enter every day. Prizes change for each issue so remember to check back and see what exciting prizes will be featured in May and June.

For more information on our Motorcycle Spray Wash, please contact your local motorcycle dealership or bike shop or call 1-800-927-4833 for more information.

A16 MOTORCYCLE RIDERS CLUB OF AMERICA

Bike Brite Spray Wash

Bike Brite Spray Wash (\$10 for a 32-oz. bottle) uses a super foaming, triple action formula that washes, cleans and degreases bikes with ease. It is safe to use on every surface, so simply spray on Bike Brite and hose it off. The Spray Wash also uses a collating agent to combat hard water and has unique brighteners for paint work along with rust and corrosion inhibitors. **Bike Brite, Inc., 800-927-4833, www.bikebrite.com**

Randall Higgins, Greenbrier, AR: "I have used a number of similar cleaning products on my 2007 Harley Davidson Electra Glide, and the Bike Brite Spray Wash does a better job at a better price."

John Crawford, Ocala, FL: "It takes only a minute to spray an entire bike with the foaming cleaner. Grease, oil and road grime slide right off, leaving a sparkling finish on paint and chrome."
